

ST. ALBAN'S child Enrichment Center

Winston E. Scott Former NASA Astronaut - and St. Alban's Alumni (Class of 1956)

At the heart of every success story is a guiding force – a parent, a teacher, an educational institution that makes an impact on your life, enabling you to leave an imprint in *life*. For Winston E. Scott, St. Alban's was that guiding force.

At St. Alban's, every child has the opportunity to be whatever they want to be – even an astronaut.

NOW ACCEPTING APPLICATIONS FOR THE 2007-2008 SCHOOL YEAR

Head Start, VPK and Private

Serving children from the ages of 1 to 4 years old

St. Alban's Child Enrichment Center was founded in 1949 and is the oldest, one of the most respected Child Care Centers in South Florida, providing students with:

- A clean, safe environment conducive to learning
- A classroom environment full of challenging activities for learning and growth
- Two nutritious meals and a snack daily

Call for more information regarding full day and partial day rates, as well as scholarship opportunities – or visit our website.
